Dinosaur design challenge

1
Go to the upstairs
walkway.

2
The imaginary dinosaur
below is made from
different dinosaurs along
the walkway. Find them,
and **draw** in the different
parts. How might these
adaptations help it survive?

Arms and claws
of a *Massospondylus*
(say: mass-oh-spon-die-lus)
so it can:

Head of a *Gallimimus*
(say: gal-lee-meem-us)
with a large eye so it can:

Legs of an *Allosaurus*
(say: al-oh-sore-us) so it can:

You can choose a tail for
this dinosaur.

I choose a tail from:

so it can:

Feet of a *Dromaeosaurus*
(say: dro-may-oh-sore-us)
with slashing claws so it can:
