Unearth the treasure game

Magic minerals challenge

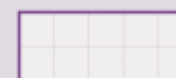

1
Find the Mineral
diversity display.

2
Minerals come in lots of
different colours. **Look** at
the ones in the display.
Talk about what colours
you can see.

3
Ring round the colours
you can see.

Can you **add** any
missing colours?

Diamond is the
hardest natural
material found
on Earth

Green

Pink

Purple

Red

Yellow

4
Look again at the minerals.
Could you sort them into
groups? What groups would
you put them into?
Tell your partner.

I'm going to sort
them into colours

5
Now **look** through the
little windows. What
happens to the minerals
when the normal light
goes out? **Tell** your
partner what you can see.
